Discussed TBA program

COR Level II certification memo

- Provide examples of coordination (IDNR with Maquoketa; MDNR Phase IIs)
- Experience with project management and IGCE (informing TOCOR of expecting mods after contractor negotiations-Pine Lawn/Wellsville Firebrick Plant)

Chatted about the anticipated Clinton IA TBA app...

- Difficult to turn eligible applicant and eligible site down when funds are available
- Could be opportunity to have a direct impact on a community and improve water quality
- Would set precedence of completing TBAs to further community's FEMA flood buyout grant opportunity
